## **Corporate Overview**

Global Security Solutions Group (GSS), founded in 2004, is a Korea-base manufacturer of specialized digital video recorders for security and surveillance. Its flagship product is an integrated system that combines an LCD monitor together with the digital video recorder. This offers enhanced convenience, ease-of-use, and ultimately better security possibilities. GSS products have international certification for FCC and CE. GSS' entry into the US market augments its current marketing activity in the EU and Asia.

GSS offers two categories of Digital Video Recorders that can provide a wide spectrum of support for your physical surveillance and monitoring requirements.

### **BUILT-IN DVR**

This DVR system is for typical bricks and mortar installations and employs state-of-the-art technology based on years of research including: MPEG4 Codec; 17" Phillips Monitor; Remote Control; slim, efficient design. Built-In DVRs provide recording, playback and network distribution of your security monitoring. The system also includes emergency alarm functions, USB and network backup protection.

Built-In DVRs from GSS provide the perfect effective security and surveillance for the follow types of environments.

Apartment Buildings  
Airports  
Jewelry Stores  
Parking Garages

Casinos  
Military Facilities  
Hospitals  
Department Stores

## **MOBILE DVR FOR VEHICLES**

GSS' Mobile DVR for Vehicles provides anti-shock and anti-vibration absorption to provide clearer images and recording. Retrieval and playback of video are protected depending on sensor event conditions. System encourages safety compliance and safe driving. System will automatically record accidents or other critical events that happen in the vehicle. The GSS Mobile DVR is also perfect for any ship or aircraft.

Mobile DVRs are calibrated to the following types of vehicles and vessels

- Automobiles
- Buses
- Vans
- Aircraft – large and small
- Pleasure Boats
- Ships
- Fishing Vessels
