Corporate Overview

Whitebox Robotics Co. Ltd., is a solution provider and system integrator in perimeter security, homeland security and pipeline security. We offer complete systems integration, development, design, installation, after sales service, and training therefore, enabling us to provide our clients turn-key projects.

Also, Whitebox Robotics Co., Ltd. is a manufacturer of various types of integrated laser and LED based illuminators and CCTV cameras, PTZ mechanisms, sensors, and unmanned ground vehicles.

A field proven integrated Security Management System (ISMS) includes our unique software such as Integrated Digital Map Display, Intelligent Video Motion Detection, Panoramic View Generator, and various modular sub-level agent software for Ground Surveillance Radar, Remote Weapon Control Stations, Access Control Systems, CCTV's, Detection Sensors, and Network DVRs, etc.

Our solutions can be applied to airports, seaports, military bases, borders, pipelines, nuclear power plants, government facilities and correctional centers.

Whitebox Robotics Product Highlights

- **Integrated Security Management System**
 - Systems Integration
 - Digital Map
 - Intelligent Video Motion Detection
 - Access Control Agent

- **Night Vision Products**
 - LaserLite
 - RubyLite
 - WhiteLite
 - Iguana Double Camera

- **Counter Measure Products**
 - Control Station
 - Ground Radar
 - Remote Controlled Weapon Station
 - Unmanned Ground Vehicle
 - Unmanned Aerial Vehicle

- **Wireless Products**
 - Location Based Service
 - Wireless Multi Sensor
