LPR Global Snapshots

Overview

LPR GLOBAL

Your Connection to Korean Manufacturing & Industrial Equipment

LPR Global is an international marketing consulting firm that specializes in global trade between North America and South Korea.

Since 2001, LPR Global has been providing advanced Korean manufacturing technologies, machinery, and industrial products to the North American marketplace. LPR Global works alongside North American firms to build strategic relationships with Korean businesses, to serve their sourcing, custom manufacturing, and technical partnership needs.

Overview

LPR Global (LPR) operates [US Korea Hotlink](#), the largest consortium of Korean machinery and industrial part manufacturers. We enable partnerships between Western companies and our member Korean companies. Our services cover the following industries:

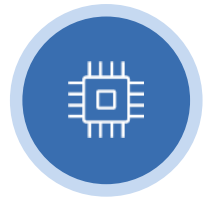

Industrial Machinery
& Tooling

Automation Products
& Solutions

Testing & Inspection
Systems

Plant Components
& Equipment

Our History & Services

Engineering Solutions

LPR's engineering solutions to global companies range from local aftersales support and training to automation.

Since 2012

1:1 Matching

Extensive business networks and a strong understanding of business needs and cultures on both sides of the globe.

Since 2001

US Korea Hotlink

LPR's online platform, US Korea Hotlink, is the largest consortium of Korean machinery and industrial part manufacturers in North America.

Since 2008

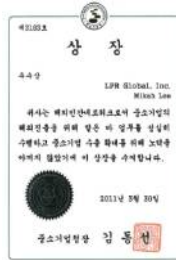

Certification & Recognition

Since 2006

Certified advisor to the Korean federal government

2011

SMBA Excellency Award

2011 - 2016

SMBA Premium Certification

2017- 2018

Awarded the best consortium practice by the Incheon city government

Featured by Nationwide TV and Newspapers in Canada & Korea

LPR Global Strengths & Achievements

The background features a collage of financial data visualizations. At the top, a bar chart shows values for years 1993 through 2003, with values ranging from 0.42 to 2.35. Below it, a line graph tracks data from 2003/M to 2003/M. In the lower half, another bar chart is visible with a y-axis labeled 'CY' and values 200 and 400. A silver pen tip is positioned in the lower right quadrant, pointing towards the charts.

LPR Global Value

LPR Global Annual Partnership Event

LPR Global has hosted global partnership events since 2012. The event offers the perfect venue for global companies to meet with Korean industrial parts and machinery manufacturers and build relationships.

LPR Global's annual event is officially promoted and sponsored by the Korean federal government and the *Korea Association of Machinery and Industry*.

**LPR GLOBAL
TECHNOLOGY FORUM
2018**

September 12, 2018 | KINTEX, Ilsan, South Korea

LPR Global provides global companies and leading South Korean manufacturers with the opportunity to learn about advanced industrial technologies and develop lasting business partnerships.

- One-on-one meetings with pre-screened suppliers
- Networking luncheon with industry leaders
- Opportunity to attend KOFAS 2018, Korea's largest factory automation show
- Optional factory visit arrangements

LPR Global Engineering Services

Local On-site After-sales Support for LPR Machinery

LPR provides local after-sales support for LPR machinery and assembly lines worldwide. We have presence in Germany, Poland, Russia, Turkey, India, Canada and USA.

Commissioning and Project Management for Installations

- 1) Assembly line implementation
- 2) Cell automation
- 3) Machines

Custom Manufacturing Services

- 1) Tooling
- 2) 3D Printing and Manufacturing
- 3) High Precision Machining

The background features a collage of financial data visualizations. At the top, a bar chart shows values from 1993 to 2003, with the 2003 bar labeled '2.35'. Below it, a line graph tracks data from 2003/1M to 2006/9M, with a '0' marker on the y-axis. In the bottom left, another bar chart has a y-axis with '200' and '400' markers. A silver pen tip is positioned in the lower right quadrant, pointing towards the center. The overall color palette is light blue and white.

LPR Global Products

Custom Manufacturing

Machining services, custom manufacturing for steel mills, industrial machine builders, automated line integrators, die manufacturers and turbine repair companies

[Molds & Progressive Dies](#)

[Precision CNC Machine Parts](#)

[Forging, Castings & Machining](#)

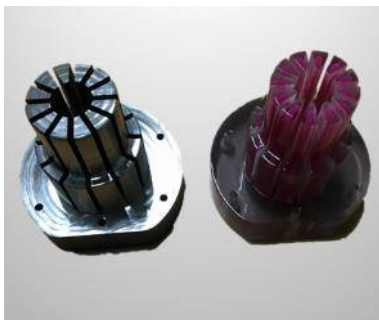

[High Speed Spindles](#)

[Precision Steel Rolls & Shafts](#)

[Iron Castings](#)

[3D Manufacturing](#)

[Steel Castings](#)

Products for Power Plants

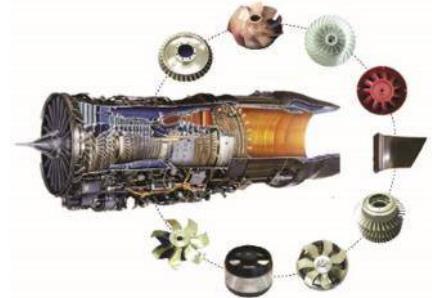

Power Plant & Shipbuilding Components, Flow Control Joints, Custom Manufacturing, Turbine Bearings & Blades, Casting

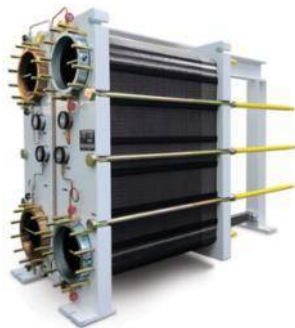

Hydrodynamic Bearings

Rotary Unions & Swivel Joints

Turbine Compressor & Pump Components

Tubes for Heat Exchangers

HRSG Steam Drums

Metal Seated Butterfly Valves

Impeller Grey Casting

Pressure Vessel Heads

Pump Casing & Impeller Steel Casting

Machinery

Custom Machines for Forming, Welding, Pressing and Surface Treatment in Automotive Part Manufacturing Lines & Home Appliance

Metal Forming & Fabrication

[Tube Forming & Cutting Machines](#)

[Gun Drilling Machines](#)

[Rotary Friction Welding Machines](#)

[Roll Forming Machines](#)

[Stretch Bending Machines](#)

[Hemming Machines](#)

[Exhaust System Making Machines](#)

[Powder Compacting Presses](#)

Machinery

Custom Machines for Forming, Welding, Pressing and Surface Treatment in Automotive Part Manufacturing Lines & Home Appliance

Surface Finishing & Treatment

[Superfinishing Machines](#)

[Centerless Grinding Machines](#)

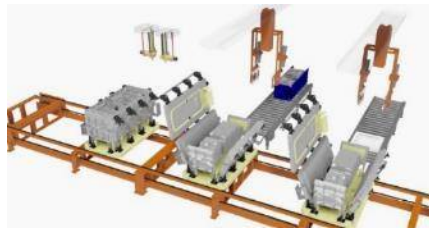

[Industrial Parts Washers](#)

Plastic Forming Equipment

[High Pressure Polyurethane Equipment](#)

[Refrigerator Foaming Equipment](#)

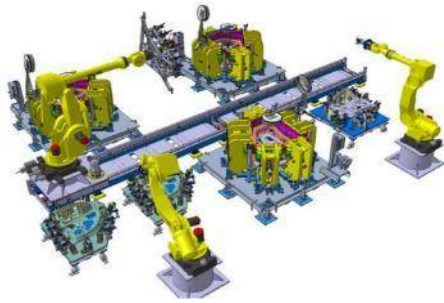

[Thermoforming, Vacuum Forming Machines](#)

Automation Solutions

Robotic Automated Welding, Gantry Robot and Motion Tracking System, Rack & Pinions, Automated Car Seat Assembly Line

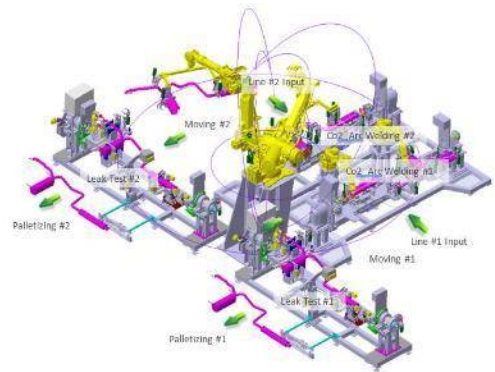

Automation Assembly Lines

[Automotive Body-In-White & Chassis Assembly System](#)

[Automated Seat Assembly Lines](#)

[Automated Welding Assembly Lines](#)

Automation Components

[Gantry Robots](#)

[High Precision Rack & Pinion](#)

[Roller Cam Gear Reducer](#)

Testing & Inspection

Material Verification NDT for Pipes & Plants;
Friction & Wear; Performance, Durability &
Reliability for Auto Parts

[Tribometers Friction & Wear Testing Equipment](#)

[Fatigue & Durability Testing Equipment](#)

[Non-Destructive Testing Machines](#)
